

1972 Volvo 1800ES Wiring Diagram - (Chassis # 0001 to 3069)

Artwork by Warren Townsend - 2019 - Melbourne Australia - Available for free use in the classic Volvo community
 Based on an original Swedish Design Concept of the 1960s and 70s.
 I have attempted to make these Wiring Diagrams as accurate as possible, however no responsibility is accepted for any consequential errors from their use.

Seat Belt Light (doubt as to existence of this "optional" circuit - but included here due to its inclusion in original Volvo schematics)
