## European delivery plan

---

*Remember, the car you buy over there to drive for a few weeks is the same one you will be driving for several years over here. You will enjoy driving Volvo for several years after you get home because Volvos run away from domestic compact cars in their class and get over 25 miles to the gallon — even with an automatic transmission. In fact, Volvos last an average of 11 years in Sweden. And in Sweden, where its tough to be a car, Volvo has been the best seller for years.*

Volvo 122 S, two-door Sedan

Volvo 144 S, four-door Sedan

Volvo 122 S, Station Wagon

Volvo 1800 S, GT Coupe

*Delivery*

---

---

Order from your Volvo dealer or travel agent. It involves only filling out a form and signing your name twice.

---

---

Normal delivery in Gothenburg is one week after your signed order is received by the factory. The further the delivery point is from the factory the longer lead time we must have. For example: Add one more week for Copenhagen, three weeks for London etc.

Volvo 122 S	2-door	100 hp automatic	\$ 2.1 <del>75</del> \$ 2.370
Volvo 122 S	Station Wagon	100 hp automatic	\$ 2.475 \$ 2.655
Volvo 144 S	4-door Sedan	115 hp automatic	\$ 2.495 \$ 2.675
Volvo 1800 S	GT Coupe	115 hp	\$ 3.495

---

All prices quoted ex factory (exclusive of European taxes and duty) for US models ready to drive including temporary tourist registration for travel in Europe.

---

Payment in full in the U.S.A. prior to delivery.

---

---

Upon your arrival your car will be waiting for you, ready to drive, registered, licensed and insured. A Volvo representative will be there to show you how to operate your car, explain all documents and get you off to a good start.

---

---

## *Registration*

---

Temporary tourist registration, valid throughout Europe, will be arranged for your car prior to your arrival provided that the necessary application forms have been submitted in advance and insurance ordered. (An uninsured car cannot be registered.) The term of the registration will cover the period of time for which the insurance has been ordered but not more than one year.

---

---

## *Insurance*

---

Third party liability is required by law all through Europe. Collision coverage is optional but strongly recommended. AB Volvo can arrange this insurance including an International Insurance Certificate (Green Card) at the premium shown below. The limit on the bodily injury and property damage is \$ 200,000, collision is \$ 100 deductible.

---

---

*Driving license*

---

Your current driver's license is valid for driving in Western Europe. If you plan to drive in Eastern Europe inquire at the local consulate for the countries you intend to visit for up to date information.

---

---

*Carnet de Passage*

---

You do not need a Carnet de Passage for Western Europe. If you plan to drive in Eastern Europe inquire at the local consulate for the countries you intend to visit for up to date information.

---

---

*Accessories*

---

Accessories can be supplied by the factory only if delivery is to take place in Sweden. They should be ordered and paid for together with the car. Your local Volvo dealer can inform you of available extras and of their Swedish retail price. If delivery is to take place elsewhere, your order for accessories should be sent to the delivery agent a week or more prior to delivery and payment should be made upon taking delivery. Your dealer will give you a list of accessories available.

---

---

*Warranty and service*

---

Cars delivered under this plan are covered by the regular Volvo warranty as appearing in the Warranty and Service Booklet which is supplied with the car. The warranty is for a period of six months (without a mileage limitation). A coupon for a mandatory 1500 mile free inspection is included in this book. You will also receive a European dealer list with the car.

---

---

*Shipment*

---

---

\$ 50 from Gothenburg to the Port of New York Authority Area or Halifax. This exceptionally low price is available only on Volvo charter ships which normally sail twice a month from Gothenburg. The price includes all charges including \$ 20 deductible marine insurance until the car is unloaded on the pier at the destination port. Due to the very large number of variables, other ships and other ports are completely covered in another readily available publication; ask for it.
