1973

Volvo has long meant durability in a road car. Now, Volvo adds a new dimension to the competition equipment area by offering Volvo Competition Service equipment for the Volvo owner interested in closed course or off road use.

Already extensively used in competition in Europe, Africa and South America, both in road races and rallyes, Volvo Competition Department equipment is now available in the United States to assist you in your various racing efforts.

All parts listed in this catalog may be ordered through:

Volvo Competition Service
1955-190th Street
Torrance, California 90509

(213) 770-1550

Order Instructions

1. We have enclosed a supply of order forms for your convenience. Please make use of them and send them to this address - not your local distributor. You may re-order forms from us.
2. The parts you order will be shipped directly from Torrance. However, you will be billed through your local Volvo Distributor in the normal manner.
3. In the case of standard parts, denoted by an "*" in the price list, these should be ordered from your local Volvo Distributor in the normal manner. We cannot honor orders for standard parts and will have to return them to you.

Communications

You will be advised by bulletins when there are changes in product or price.

Please feel free to get in touch with us at this address if you have any questions, suggestions, etc.

Warranty

All Volvo competition service parts carry the same warranty as any other original Volvo part, i.e., under normal use they are

warranted for twelve (12) months with no mileage limit.

This warranty does not apply, however, to any vehicle used in a competitive event.

It should be noted that the installation of equipment which deals with engine modifications and certain other modifications may result in the vehicle not meeting federal or state standards for use on public roads. Check the laws of your home state.

For example, the lighting equipment Bosch "knick" is expressly for off-road use and is illegal for road use in California.
